

Mission Statement

21-22

We are a Christian Co-educational Secondary School. In keeping with the Jesus and Mary Ethos, we are committed to the holistic development of each individual in our community by:

Empowering each person to grow in justice, honesty, respect and loyalty to self, family, school and community.

Helping all students to achieve full potential at their studies.

Promoting an appreciation of Heritage, Culture and the Environment.

Providing an atmosphere where religious belief, a sense of responsibility, self- confidence, self-esteem and self-identity are developed.

Encouraging participation in all facets of school life - spiritual, academic, sporting, social and cultural

To achieve these ideals we recognise the need for a **SAFE ENVIRONMENT** as expressed in our safety statement.
